Pretty Reception-Dance.

The reception-dance given on Tuesday evening at the Scott home on North Ninth street by Miss Marjorie Scott and Mr. Vaughan Scott in honor of their house guests, Miss Lucile Crippens, of Louisiana, and Miss Blanche Parsons, of Cairo, was a most brilliant social occasion. The house was charmingly decorated in a color-scheme of green and white that was delightfully cool in effect. The receiving party was quite large and was stationed through the attractive rooms. A pretty table in green and white was set in the dining-room and delightful ices and cakes were served. Dancing was enjoyed the latter part of the evening. Daily Thought.

"What everybody can do, nobody wants to do."

CELEBRATE SENSIBLY.

Th announced determination of the police department to prohibit the use of firearms on July Fourth is to be commended. A number of deplorable accidents have occurred here and elsewhere in past years which should have been sufficient to point out the danger and guard against it in future, but even with the police department determined to prevent dangerous practices, it will be a hard matter to suppress them.

The Lexington Leader says a few things along that line as well as they could be said, witness:

It is not infrequently the occasion of a glorious hullablow by youngsters and irresponsible grown people who mistake noise and disorder for patriotism and destruction and maiming of human beings for celebration.

This year that disgraceful method of celebrating an immortal and solemn event in the world's history will be repeated unless steps are taken to prevent it by the city's properly delegated authorities, which all right-thinking people sincerely hope will be done.

Last Christmas a beautiful and attractive young woman, the pride of her parents and friends, had an eye destroyed by some reckless and crack-brained brute, whose identity was never known, and who carries the hateful memory of his outrage still in secret.

There is neither excuse nor reason for the heathenish and intellectually hopeless conduct of the man or boy who persists in this sort of celebration because it is dangerous, nonsensical and disreputable. On this point Ella Wheeler Wilcox has this to say anent Fourth of July celebrations:

The national holiday is near at hand. If you are the father or mother of young children begin now to teach them a little common sense regarding the methods of celebrating the day.

A year ago the "Glorious Fourth" in the United States was celebrated at a cost of 467 lives, 3,967 persons injured by explosions, and fire losses amounting to \$250,000.

Give your children no explosive implements; give them no guns or giant firecrackers, no maim, injury or kill by any name or lack of caution.

It is a great deal.

that they go through life with only one leg or arm.

Better do a little talking before the "Fourth" than a lot of weeping after it.

Better look ahead with precaution on the third, than look back with remorse on the fifth.

Last Fourth of July 3,967 persons believed they knew all about celebrating and would have scoffed at any counsel.

Look to it that you, or yours, do not help make up a similar list of unfortunates this year.

Mrs. Harry G. Tandy's brick residence on Broadway between 11th and 12th, \$3,000.

W. E. and J. T. Cochran, concrete block building on Ninth between Monroe and Madison, \$7,000.

Edward C. Hubbard, brick, on Sixth near McKinley, \$1,450.

All the other houses are mostly small frame dwellings costing from \$100 to \$1,000.

The Hospital Reports.

The reports from the two hospitals show that the health in June last year was worse than the month just closed.

The railroad hospital report will show little difference from last year, but there was a great deal of illness among the railroad people.

The hospital had enrolled at the first of June 18 patients, admitted 57 and at the close of the month had 22 patients enrolled. One death was reported.

The city hospital reports the number of patients enrolled June 1, 8 with 20 admitted, leaving at the close 4 patients. June month last year is a contrast from the present June, there being thirty patients in at the close of June, 1904. There was one death this June and two last June.

were the coldest, registering 54. Killing frosts have occurred as early as September 24, but the mean date is October 29. The average date for the last killing frost in the spring is April 6.

The average rainfall for July is 3.73 inches, and ten is the average number of days with an appreciable rainfall. The greatest monthly rainfall was in 1875, when the precipitation was 16.46 inches. The least was in 1879, which had only 1.18 inches. The greatest amount of rainfall on one day was the "Glorious Fourth," 1896, when five and a half inches fell.

The prevailing winds during July have been from the southwest, and they have had an average velocity of 6.1 miles per hour. The greatest velocity was 48 miles, July 13, 1881.

These statements are not to be taken as a forecast of the condition for July, 1905.

Marriage Licenses.

June was not unusually busy for the marriage clerk in McCracken 35 being issued, 28 to white and seven to colored persons.

Police Report.

The report of the police department for June shows 170 arrests as follows: Grand larceny, 3; false swearing, 2; housebreaking, 5; malicious cutting, 3; malicious shooting and wounding, 1; malicious assault, 4; detaining female, 1; robbery, 8; obtaining money, 1; attempt to robbery, 3; murder, 2; raised bills, 1; misappropriating money, 1; petty larceny, 6; fugitive larceny, 1; obtaining money, fugitive, 1; escaped jail fugitive, 1; grand larceny, fugitive, 1; seduction, fugitive, 1; breach of peace, 38; drunk and disorderly, 8; drunkenness, 20; disorderly house, 1; disorderly conduct, 1; gaming, 14; breach of ordinance, 33; fornication, 3; violating Sabbath, 1; attachments, 2; vagrancy, 1; profane language, 1; conducting the business of placing and selling certificates and investment contracts and other investment securities, 1.

Burial Permits.

City Clerk Henry Bailey during June issued but thirty-four burial permits, twenty-three for white and eleven for colored persons. These permits show the number of burials at Oak Grove cemetery. Only a few burials occurred during the month in other cemeteries about Paducah, hence the above is not far from the correct number of deaths in Paducah during June.

UNCAMPOGARY.

Paducah, Ky., June 20, 1905.

I have tried uncampogary in place of quinine on my own child, who had fever and I think it is a sure and successful substitute for quinine without the bitter taste and ill effects on the head.

Says He Was Robbed.

Yelmer Brocman, of Mayfield, reported an alleged robbery to the police this morning. He dropped in to the police station and asked for a drink of water. After having satisfied himself at the water cooler by imbibing at least half a gallon of ice water, he sat down and announced that he had been robbed of \$8. He remembers getting beastly drunk and somewhere between Third and Fourth on Kentucky avenue in the wee small hours of morning, missed his wad. The police could do nothing for him.

the pink and white effect.

The hostess presented the bride-elect with a dainty souvenir book containing "Favorite Recipes by Favored Friends." It was cleverly gotten up. The first page was a series of pen and ink sketches by Miss Happy Newell, the bride's sister, illustrating Owen Meredith's "But Civilized Man Cannot Live Without Cooks," and the recipes were all autographs. Each bridesmaid was also given a dainty souvenir.

The guests included: Mrs. T. J. Newell, Mrs. James O. Walker, of Jackson, Tenn.; Mrs. John W. Little, Misses S. T. Newell, Happy Newell, Virginia Newell, Evelyn Turner, of Winona, Miss.; Mattie Lou McGlathery, Edna Eades.

Reception to Mr. and Mrs. Hume Ogilvie.

A pretty entertainment was given by the Misses Smith at their home on North Seventh street Thursday evening just following the Moore-Ogilvie wedding ceremony, in compliment to Mr. and Mrs. Hume Ogilvie. The guests were limited to the bridal party and the near relatives of the couple.

The house was most attractive in its decorations. The parlor and library were banked with palms, ferns and cut flowers. In the dining-room the color-motif of pink, green and white was charmingly emphasized. Ropes of pink covered with flowers extended from the four corners of the room to the center, and over the bride's table was suspended a wedding bell made of white flowers and smilax. The center decoration of the table was a large cut glass bowl of hydrangeas and sweet peas, smaller bowls of sweet peas were at the ends of the table. The bride's table was laid for fourteen and the bride and groom were at one end and Bishop H. C. Morrison and sister, Mrs. E. C. Adams, were at the other. During the supper a flash-light picture was made of the scene. The ices and cakes carried out the pink and white effect very prettily.

Some Weddings of the Week.

The marriage of Miss Eunice McElhane and Dr. Elbridge G. Stampfer took place on Wednesday morning at 9:30 o'clock at the bride's home on Clay street. Rev. T. J. Newell, D. D., of the Broadway Methodist church, officiated. The wedding march was played by Miss Eunice Conant, of Cairo. There were no attendants. The bride was charming in white net over chiffon over silk. The going-away gown was a tan suit. After a bridal trip east they will make their home in Paducah.

Miss Flora Glauber played the wedding march and the church was prettily decorated. The bride wore white crepe de chine over silk, and the maid of honor white silk.

A reception at the home of the bride's mother, Mrs. Margaret Brogan, on Trimble street, followed the ceremony. It was a very pretty occasion and the house was decorated in white and pink. A wedding bell of pink and white carnations was over the table in the dining room, and the decorations of the table were very effective.

Mr. and Mrs. Lloyd will reside in Little Rock.

Monday

Is the time to begin to get ready before the holidays for changes and vacancies to occur then and with the new year; if not to "Mix with action" now, at least to be prepared for possible adversity and the pitfalls of life. A step much better for a son or daughter than insurance protection for them. Think of it! Then call and read the large collection of letters showing how others, all around you in Paducah, have succeeded quickly in earning \$50, \$75, \$100 and \$125 per month. You can see, also, applications to us, for positions, made by graduates of other institutions as well as letters from graduates of other business colleges thanking us for securing them positions which we obtained because they had no work and all of our graduates, and ready pupils, were employed. No other business college in America can boast of such uniform success of its graduates. None other has such facilities: such surpassing equipment; such modern filing systems, card cases, etc. There's a reason why none of its graduates ever failed in any attempt to fill a position! Six of its pupils graduated last month. All six are in good positions, except one, still attending at additional work. There's a reason why! There's a reason, too, why we have grown without a standing advertisement in the newspapers and without any delusive plans. There's a reason why pupils have left other colleges, to take it all over again. There's a reason why you should enter now.

DRANK AN OUNCE OF CARBOLIC ACID

Allie Tidwell Will Soon Recover. However.

She Was Drunk and the Alcohol Is Said to Have Counteracted the Poison.

WAS UNCONSCIOUS FOR HOURS

Allie Tidwell of a West Kentucky avenue resort, is alleged to have taken an ounce of carbolic acid with suicidal intent, but she is alive and will recover. There are very few people who can say they have taken this much of the deadly acid and lived to tell the tale.

The secret of this woman's escape is said to be that she was drunk.

She is a daughter of Bine Tidwell, sent to the penitentiary from Paducah many years ago for life for killing a neighbor. She is said to have been released from the penitentiary herself only a short time ago.

The first known of her present condition was night before last. Doctors were summoned and informed that she had taken poison. They found her unconscious and with her mouth closed tightly. They had almost as much trouble getting it open as if she had lockjaw.

The other inmates of the house thought she took carbolic acid, but there was no evidence of it. She remained unconscious for many hours, but the doctors could find no symptoms of any kind of poison. They administered heart stimulants, and the woman gradually became better today.

Today it was learned that she took about an ounce of carbolic acid. The only reason she escaped, the doctors think, is that she was well saturated with liquor, and alcohol is one of the few things that counteract the effect of carbolic acid. Had she been in a normal condition, it is thought by the doctors, she would have been dead in a few minutes.

President Noble Fined.

Mr. Ed P. Noble, president of the board of public works, was fined \$5 and costs in police court this morning for failing to procure a building permit to erect a two-story brick dwelling on West Broadway. The warrant was originally gotten out against the Karnes Construction Co.

President Noble claimed that he had embodied in the contract that the construction company look after the permit, but the court held that he alone was responsible for its not being done.
